

## HELP US THINK OUTSIDE THE BOX!

There will be two brainstorming forums for the future of paving in HPP. Since the amount of money we borrowed will not pave all the roads in HPP, we must come up with an equitable solution.

We, the staff, crew, management, and a few board members think that purchasing our own paving equipment and paving some each year until all is paved is the best idea yet. But if there's a better idea out there, ***we want to hear it!***

We want everybody's ideas. Please attend to plan ***one*** of these brainstorming sessions. They will be held at the Activity Center on Maku'u Drive between 16<sup>th</sup> and 17<sup>th</sup>, and will be professionally facilitated.

**THURSDAY, JANUARY 29, 2009  
FROM NOON UNTIL 3:00 PM**
